Ted Planje, of the MSM Ceramic department, was crowned "King for the day" at the national ceramic convention in Cincinnati on the 25th of April, Monday. At one of the evening "sessions," he was selected from a crowd watching a special floor show by two luscious "bombshells"—led to the bandstand, he received his crown of thorns, and to his surprise, was promptly blindfolded. A few seconds later, when the blindfold had been removed, he found himself sitting on his throne—one of the type commonly found in the home lavatory; it was a mighty sharp one at that, though, sea green in color.

THE MISSOURI MINER

THE MISSOURI MINER is the official publication of the students of the Missouri School of Mines and Metallurgy. It is published at Rolla, Mo., every Friday during the school year. Entered as second class matter February 8, 1945 at the Post Office at Rolla, Mo., under the Act of March 3, 1879.

As A Miner Sees It

Before I get any farther in this column than the first paragraph I want to congratulate the "M" Club on the best two hours of entertainment that I have ever seen presented in Parker Hall.

It is just a shame that the house wasn't packed to the gills. Bill Gammon was really tops as an MC, and I must say that Art Schmidt and his movie routine was one of the top acts.

On my list of Academy Awards for the best actors of the year are Patty (Jerry Henson), La Verne (Bill Wohlert), and Maxine (Paul Harrawood)—the three Andrews Sisters. The chorus line of burlesque queens was also mighty fine and to leave any of the entertainers out would be a gross injustice, but due to unlimited space which I don't have, I say again—it was a grand show, and I hope you put on your "Varsity Gaities" again next year. However, I am never one to leave the director unmentioned, so congrats Bill Chew on organizing such a fine program.

Speaking of the gaities, any similarity between the lazy, good for nothing soldier answering to the name William Lee Gum-shoe and the prof of a similar name was purely a coincidence. By the way, I guess you all know that our boy, Peanuts, GUM, and Crackerjacks requested a special number over KTR's platter party the other night. It was "Carry me back to ol' Virginia" or "Why in hell did I ever come to Rolla."

With all the women in town the past weekend for various frat dances, I had begun to think that the Stephens Choir had come back for a visit. My first contact with some of these "strangers" was down at the Blue Room when three Lindenwood girls went into the men's room instead of you know where. Why

tux than an evening gown. I also saw Shute, Grooks, and Bullock among those enjoying themselves at the party, even though I couldn't make off with their dates as I tried to do.

The next place I headed was the other formal dance up at the KA House. As usual the boys had rolled out their welcome mat and after saluting the Confederate Flag everyone was admitted. Upon arriving inside I found Dick Smart and Vi dancing to the strains of the "Wedding March." When is it going to be, Dick? Also joining the list of "Lost Causes" is Rapid Robert Rieder who is pinned to another Vi, this one being from Columbia. I must say it was a fine party, even though I almost got hung for asking whose anniversary they were celebrating.

The next stop on the list was the Alpha Epsilon Pi House where I arrived just in time to see Rosenbaum's one act play, written by Rosenbaum, acted by Rosenbaum, and directed by Rosenbaum. However, the dance was real good even if they didn't have a band like the Chi Sigs and KA's. About the time I left, a case of beer disappeared and they are still looking for it. Maybe they left it in Jeff City where a couple of the boys had a party after dropping their dates in Columbia after the dance.

Unusual parties of the week-end were reserved for the Sig Ep's and Tekes. The Sig Ep's held the 49er Dance which was complete with outhouse, sheriff, and 2 million "Wanted" posters. I saw Pat Broyles, the Lambda Chi favorite, with a Sig Ep that night. In any case she's keeping it on the east side of the tracks. Sheriff Danz won the prize for best costume of the weekend and Howard Eldridge just won the prize. It seems Howard eloped to Arkansas with his Kay from Webster Groves and showed up Sunday a married man. Congrats are in order here.

The last stop was the Teke barn dance out on Vichy Road. By the time I found the place the party was almost over but I did manage to get a glimpse of "Pop" Jare, who seemed to be the star square dancer. The music for the dance was supplied by a hot trio that was really pretty good. When I left, I saw Walter McLucie lying on the floor. I still don't know whether he was trying to get some sleep or if he just fell there.

On the way back I saw a fellow driving his convertible down the highway with the top down. He was wearing a bright red shirt, a polka dot tie, a shepherd's plaid suit, and a lavender beret. A motorcycle cop stopped him and made him pull over to the side of the road. "What's wrong officer?" asked the driver. "I haven't violated any traffic laws. Said the cop: 'No, I just wanted to hear you talk.'"

With that I see no recourse than to sign my name and say "See you tomorrow night at the Military Ball."

—The Old Miner

Do you know why the little ink drop was crying? Because his father was in the pen finishing out a long sentence.

EDWIN LONG SITE OF ALPHA CHI SIGMA INITIATION BANQUET

The Beta Delta chapter of Alpha Chi Sigma had its spring initiation banquet at the Edwin Long Hotel on May 1st. Dr. Shrenk gave a brief history of the organization, and the following twenty five men were initiated:

Atwell, J. R., Brown, S. S., Coffee, Dr. R. A., Dillender, G. J., Gray, I. L., Haas, P. A., Hernan, J., Hilgenbrink, J. T., Iken, H. C., Keller, C. W., Luck, R. L., McDermott, A. R., Maag, R. H., Miller, R. B., Murrell, J. R., Rees, R. G., Rutz, W. W., Schrader, E. D., Taylor, A. M., Ummel, O. R., Utange, W., Vaniman, N. A., Bockstruck, H., Diekmann, L. E.

The following are the newly elected officers:

Pres. Art Helwig, Vice Pres. Lloyd De Hecker, Reporter, Bob Ferry, Secretary, W. W. Campbell, Historian, Frank Wyatt, M. C., Elmer Breidert.

BLUE KEY SEMI-ANNUAL BANQUET, INITIATION HELD AT HOUSTON HOUSE

Tuesday evening, Blue Key held its semi-annual-banquet at the Houston House, at which time fourteen men were initiated.

Undoubtedly, this is the largest number of men to be given the Blue Key oath at one time in the history of Blue Key on this campus. The group consisted of Bill Bachman, Frank Birch, Bill Coolbaugh, Lou Greco, Dave Grimm, John Jadwick, Ralph Johnston, Sam Megeff, Roger Neidel, Dean Shopper, Ev Thrall, Bill Weinstein, Jack Williams, and Bob Wolf. These men have all distinguished themselves in many campus activities as well as having maintained above-average scholastic records.

The guest speaker for the evening was Dean Williams, who talked on the history of Blue Key on the MSM campus.

Initiation Keeps Gamma Delta Busy

This past week-end was a very busy one for all Gamma Delta's Saturday night brought pledge week to a close with a dinner followed by a mock initiation which was greatly enjoyed by the actives. As a result of the events that night there have been several more interesting addresses added to Gamma Delta's special file for bachelor's.

A more serious program was followed Sunday evening at the banquet given in honor of the pledges. After Dr. Rehwinkel, guest speaker, gave a very interesting and enlightening talk on communism the pledges were formally initiated into Gamma Delta. The newly accepted members are: Daniel Atchison, "M" Bever, John Englund, Larry Fritzen, Milton Friert, Vance Halterman, Eugene Knopf, Art Masbruch, Harvey Meier, Melvin Nierdick, Alvin Steinbach, Art Tuegel, Howard Meier, and Walter Zachritz.

Two weeks ago the Alpha Phi chapter of Gamma Delta here at Rolla packed off to what turned out to be a very enjoyable week-end at Camp Derricotte with several other chapters in the Missouri region. Most of the fellows were greatly interested in the chapter from Stephens and Harris—now I wonder why that is. As usual there were several outstanding eager-beavers, namely wrestler Fliehm and Mel Buettner who had the distinct honor of receiving an invitation to a date at Stephens by phone—he came back all smiles. Everyone was against leaving, but all good things must come to an end. Tired eyes, more addresses, and beautiful sunbuns were the only rewards of the week-end.

J. J. FULLER JEWELER

If today you walk into Norwood Hall and tell your buddy that he is standing on the spot where there once was a Civil War fortress, he will no doubt think you are off your trolley. But what you say is true. There aren't many of us who know that what now is the MSM campus was at one time a Union Army stronghold.

During the summer months of the year 1861, the people of Rolla, who for the most part were Confederate sympathizers, somehow learned of some unusual activities of the Union headquarters in St. Louis. These boys were not only recruiting men, but were recruiting German soldiers to fight for them. This worried the Rolla rebels, and caused them to build a fort on the site where Norwood Hall now stands. Soon after, the Union Army took over the town and also the fort. Another fortress, which was constructed on a hill near highway 63 a half mile from the 63-66 junction, was named Fort Wyman after Col. Wyman of the Union Army, became the primary Union fort in this region. A smaller fort and ammunition dump was named Fort Detty, and was located where Norwood Hall now is. It is said that on a clear day this spring, you can look out of a northwest window on the top floor of Norwood, and it is possible to see strips of grass a few feet wide across the cam-

pus which appear greener than surrounding patches. These strips were trenches used by the Union GI's during the war, and were filled in after peace was made.

The School of Mines at first was planned for the Fort Wyman site, but later the plans were changed, and the campus was located where it now is. Perhaps it is best that things happened as they did. Can you imagine walking from the campus to Tucker's a mile away?

THETA TAU'S ELECTION HELD: IVAN BOUNDS IS ELECTED NEW PRESIDENT

Last Wednesday evening, the members of Theta Tau held their semi-annual election of officers. The election took place in the Club Room, located in the Metallurgy Building.

Ivan Bounds will succeed Don Heath as Regent. The other newly elected officers and their respective offices, are as follows:

Vice Regent, Robert Schmidt; Scribe, Val Steiglitz; Marshal, Bill Weinstein; Inner Guard, Jack Bobbitt; Outer Guard, Bill Bachman. These newly elected officers will be very instrumental in promoting Theta Tau's "human engineering series" during the fall semester.

Softball All-Stars Meet League Champs May 21

ALL-STAR SQUAD TO BE ANNOUNCED NEXT WEEK

Selections is being made this weekend of the All-Star Softball squad which will meet the champions of the intra-mural circuit on Saturday afternoon, May 21. The squad will consist of two complete teams who will play half a game apiece and three sets of batteries. The game will start promptly at two o'clock on the softball field at Natomoni Road and U. S. 66. Officials for the game will be intramural umpires.

This game, sponsored by the Sports Department of the MINER, will be the first such game to be played. While other all-star teams have been selected before, this will be the first opportunity intramural fans will have to see if the league champs can defeat the "cream of the crop".

The following rules are being followed in the selection of the All-Star Team:

1. By Saturday, May 7, all intramural managers shall turn their nominations in to the sports editor, c/o Triangle Fraternity.

2. Each manager shall nominate three opposing players and one own team player. Any person playing intra-mural softball this season is eligible for nomination.

3. No pitchers or catchers are to be nominated by the managers. Pitchers will be nominated by the umpires. Pitchers selected will be caught by their regular catcher.

4. Final selections will be made by the umpires and MINER sports staff from the nominations.

5. Teams will be announced in the May 13 edition of the MINER. At that time anyone nominated and unable to play will notify the sports editor and replacements will be made.

All players selected will be notified by Thursday, May 12. Selections will be made on Wednesday, May 11.

"M" CLUB STAGE HIT PLAN 1950 REPEAT

(Continued from Page 1)

flasks, glass tubing, beakers, and a bunsen burner.

In a barroom scene which also included Bob Sanders, his girlfriend, Ivan Bounds, and Leland Beverage, Harlan Meyer displayed a personality similar to that of Ed (Archie) Gardner.

Near the end of the program came an act which I had been waiting for all evening. This was a strip tease done by blonde, vivacious Ted Reeves. Appearing in a suit and tie, he was soon down to the essentials and ended in a thrilling pose with two balls of pink fluff for part of his clothing.

Between stage acts, Dick Thurston played quite a few numbers on the piano, and M. C. Bill Gammon rolled them in the aisles with gags and pantomimes. Bill's impersonations of a drunk and of a woman undressing were terrific!

As I said before, such things as Bill Gammon's impersonations or the entire cast taking a five minute break for a smoke, have to be seen to be appreciated. If you didn't see the performance

you missed something, take my word for it. You'd better make it a point to attend the 1950 production of the Galettes. I'm sure there are many more Miners who, like me, hope the Galettes will become a yearly event. How about it, M-Chub?

SPRINGFIELD GOLFERS, TENNIS SQUAD, BEST A STUBBORN MINER SQUAD

In spite of the advantage of playing on familiar sand greens, the Springfield Bears humbled the Miner golf squad on the local links Saturday, April 23. The Miner squad is still looking for its first victory of the current season. Meets remaining on the links schedule include the Washington University Bears this Saturday and the MIAA meet one week hence. In there previous encounter with the Wash. U. Bears the Miners lost.

High man for the Springfield Teachers was Gene Jackson. Jackson, playing against Miner squad captain Tony Panteleo, racked up an amazing one over par 72. Panteleo was low Miner for the afternoon with 75. The victory was a 17½ to 9½ defeat to the Engineers.

The results:

Jackson (S) over Panteleo (M) 2½-1½.

Johnson over Shoyer (M) 3-0.

Kramer (M) vs. Lee (S) tie 1½-1½.

Jare (M) over Miller (S) 2-1.

Thompson (S) over Hawker (M) 3-0.

Hubbard (M) over Daugherty (S) 2½-1½.

Jackson, Johnson (S) over Panteleo, Shoyer (M) 3-0.

Kramer, Jare (M) over Miller, Lee (S) 2-1.

While the golfers were dropping the meet to the Teachers, Coach Morgan's tennis squad was likewise having troubles on the concrete courts. Playing at home, the netmen dropped a close 4-3 meet to the Bears. Hottest Miner of the afternoon was Dick Williams, who whitewashed his opponent in two straight 6-0 games. Miner Junger, always a dependable performer was forced into extra sessions twice to win his match 7-5, 7-5.

The results.

Busiek (S) defeated Axson (M) 6-2, 6-1.

Williams (M) defeated O'Neil (M) 6-0, 6-0.

May (S) defeated Rice (M) 2-6, 6-1, 6-2.

Kay (S) defeated Harmon (M) 7-9, 6-2, 6-1.

Juenger (M) defeated Irish (S) 7-5, 7-5.

Busiek, O'Neil (S) defeated Axson, Williams (M) 6-4, 6-3.

Rice, Harmon (M) defeated May, Kay (S) 6-3, 6-0.

Coach Morgan has announced two additions to his Miner squad. Schoppell and Byrd are scheduled to compete in singles division while Harmon and Rice will confine themselves to the doubles section.

Washington Golfers, Tennis Teams Play Miners In Home Meet May 12

MSM GOLF SQUAD MEETS WASHINGTON BEARS IN SECOND TRY FOR WIN

Still searching for their first victory on the grass turf, Coach Steinmeyer's golfers will meet the Bear linksmen from Washington University on Thursday afternoon, May 12 on the local links. The Miner golfers previously encountered the Bruins in a triangular meet with Cape Girardeau Teachers in St. Louis. The score of that meet was Washington 16½, Miners 12 and Cape Teachers 7½.

Medalist of the first meeting was Bear Guliglia who nosed out Miner Panteleo. The return meeting of these two superb golfers should prove quite interesting. The chances for a Miner victory are strong in the light that the Miners will be playing those familiar sand greens, the bugaboo of many a links artist. This meet will be the final warming up for the Miners before playing host to the other teams of the MIAA conference in the annual tournament on Saturday, May 14.

FEW HOPES FOR TENNIS SQUAD AGAINST WASH U.

In their third straight year of domination of the mid-west collegiate tennis circles, the powerhouse Washington University tennis squad will meet the Miners here on Thursday afternoon, May 12. The Bears string of thirty-seven consecutive victories, dating back to 1946, was snapped Saturday, April 29, by a once-beaten upstair Missouri University squad.

The powerful Bear squad is headed by Zziervagel. Such stars as Bob Light, Bob Savitt and Guy Frumson assist Zziervagel. Last man on the squad is Herr. The doubles teams include the twosomes of Zziervagel and Light, and Savitt and Frumson.

Coach Morgan has announced two additions to his Miner squad. Schoppell and Byrd are scheduled to compete in singles division while Harmon and Rice will confine themselves to the doubles section.

CAPE INDIANS DOWNED IN EARLY MEETING: ST. LOUIS TRACKMEN STRONG

For the third time this season the Miner track team will engage the Cape Girardeau Indians. This time the meet will be held on Jackling Field Saturday afternoon, and St. Louis U. will also have its athletes on hand for the festivities. The first time the Miners met the Indians was in the Indoor Conference meet at Columbia, and our boys

second, a few points ahead of the third place Capers. A few weeks ago they both tangled with Washington U. and came out on the short end, with Rolla second and Cape third, some 20 points behind us. This would appear to give the local squad the edge, but for several reasons a nip-and-tuck affair is expected, with the breaks deciding the winner, and with St. Louis U. close up at the finish.

DON SMITH RUNNING WELL

Training well for the meet is Don Smith, the Miners top distance runner. Every indication is that Don will have a breeze in the two-mile grind, but in the mile he encounters that perennial with the last-lap kick, Capes' Ralph Corbin, and is expected to take second again, as he did in the previous triangular meet.

Other Miners in the longer races are Bob Shaffer, who may get a second in the two-mile, and Bob Sanders, who started in the mile run for the first time against Springfield and took third. Further opposition for placings in these events will come from Hampton of Cape and Gross of SLU.

Rolla holds a strong hand in the hurdle events with Harold Corbin favored to take the 120-highs, and Bob Schuchardt rated right in there in the 220-lows. Bob should also place in the highs. Strong competition will come from SLU's Frank Bovary, who is an able runner in both events, having taken both of them in a recent SLU-Harris Teachers meet in good times. Cape, too, has a good man in Poole, so both of these races should be thrillers.

Both of the shorter dashes should also be close. Day, of Cape, is given the edge in the 100-yard, and perhaps also in the 220. However, Holtman and Williams of SLU and Ted Reeves of the host team rate right with him. Ted has been running consistently well, racking up several firsts and places, although his times are a shade slower than those of Holtman and Williams. The breaks in these two events might decide the winners, and perhaps the winner of the meet.

Hahn, of SLU, appears to have a definite edge in the 440 yard run, on the basis of comparative times. His team-mate Witte and Capes Allen should provide his principal competition. Rolla has Cliff Turner and Maurice Rausch as possible starters. Maurice took third in the previous triangular meet, and has placed several other times. Cliff was forced by illness in his family to miss several meets, and has not yet rounded into form. Last year he was a heavy and dependable point-getter in the middle distance races.

Dat ol debbil Corbin pops up again in the half-mile, and "that's all, brother". Rolla's Stan Dolecki and Bob Sanders and Capes' Hampto will fight it out for the minor awards. Stan scored against Washington and Cape, with Bob third, and the two may be able to counteract Corbin's win by getting the next two places.

RELAYS IN DOUBT

The 880-and-mile-relays are wide open. Rolla holds a pair of verdicts over Cape in the mile, in good times, but both have been close, and at other times the Miners relay squad has not showed too well. Little is known of SLU, except that they took one relay in very slow time, quite probably much slower than they can run it, and they have a fast quarter-miler whom they might use when he is needed. Coach Gale Bullman will probably be happy to take one of the relays. PPoints in these events will be scored 5-3-0.

MINERS STRONG IN FIELD EVENTS

As usual, the Miners should pick up a lot of much-needed points in the field events. Star

Dukes Mixture

Hope that you will be able to settle back and relax, for the next few minutes, and set aside all thoughts of electrons, cosines and finals for a little small talk with the old Duke.

For the benefit of those who send the Miner home to their parent, I shall tell this one:

Mother: "Willie, why did you kick your little brother in the stomach?"

Willie: "It was his own fault; he turned around."

The "M" club's "Varsity Gaeties of 1949" was really a riot. Several of the jokes were a trifle off-color, but the crowd really seemed to enjoy the program, and didn't seem to mind the occasional raw ones. Gammon did a fine job as M. C.; and Thurston (at the piano), and Schown and Spencer (hand balancing) really stole the show. Incidentally, I didn't see the names of either of the latter on the programs. I'm convinced that there is a lot of talent at M. S. M. All you have to do is give it a chance.

The 'Marshmallow of the Week' goes this time to Alpha Phi Omega for their 'Keep off the Grass' campaign. The boys have avoided using the same dull repetitious message on the signs by introducing a little pleasant variety. Several of the signs have been damaged, however, and this brings us to the ancient question:

"Why are there always so many more horses . . . er . . . tails, than there are horses?"

I want to say thanks fellows, and assure you that we will all cooperate all we can. Every true Miner wants to look to our campus with pride, and he takes pride in doing his part to keep it as nice as possible.

This last week end, as the one before, found lots of fine dances and parties on the campus. Won't elaborate on them here, the Old Miner always handles that department quite admirably.

P. S. Wonder who the heck the Old Miner is.

"He who throws dirt, loses ground."

(Confuse-us)

Lambda Chi Survives Columbia Weekend

Some people just don't know when to quit. It seems that after touring all the parties and dances at various other fraternities, the boys here at 800 Olive decided that it was much too early to go to bed. Therefore, we opened a bottle of soda (naturally) and settled down for a little bull session. Within 15 minutes the word had gotten around and a full fledged "Drop-in" was in progress. Anyway, from where I sat the party was swell and I hope everyone enjoyed himself as much as I did. A vote of thanks is due those hearty members and pledges who stayed on their feet long enough to clean up after everyone else had gone.

In the mean time, a group of the boys were enjoying themselves at the Lambda Chi Alpha Great Plains Conclave held at Mizzou. Being the closest chapter to Columbia, we naturally put forth a large delegation. In fact, ours was the largest group there except for our hosts. Those fellows lucky enough to have few classes or few cuts so that they could attend were quite surprised at the large amount of material covered during the week end. But all was not work as the boys enjoyed the company of both the Stephens girls and Missouri U. coeds. In fact it is understood that our vice-president, Bob Morris, enjoyed being with the Phi Gamma sorority girls so much that he could hardly tear himself away. It is likewise noted that the night watchman at Stephens College does not enjoy being serenaded—how about that Jaime? But Brother Ramirez was well received at many of the sororities on the Mizzou campus. The girls seemed to be quite charmed by his velvet voice and mellow guitar. All in all the boys had a fine week end and all claim that they intend to invade the territory of Columbia in the near future. Our brothers at Missouri U. are certainly to be congratulated for the wonderful job they did as hosts for the week-end.

Anyone noticing the queer goings on around the house for the past week can calm down now—"play week" is just about over and all of our pledges seem to have lived through the ordeal. As can easily be seen most of the actives have received their semi-annual shoe shines.

MINERS AT CERAMIC ANNUAL CONVENTION

(Continued from Page 1)

visitors followed by a dance for the remainder of the evening. Monday evening, there was a floor show followed by another dance.

Wednesday afternoon, Dr. Paul G. Herold, head of the MSM ceramic department, was the presiding officer of the Refractories Division Program. Previously, Wednesday forenoon, he and Chris Knudsen, a graduate from last years class, presented a paper on "A Test Method for Measuring the Flow in Refractory Materials at High Temperatures". They devised a hot load test furnace which applied loads by means of an air ram, at a constant temperature. Measurements of flow over a range of pressures were determined. Tests were run on commercial brick and showed that texture, laminations, and porosity were important factors affecting flow of fire-clay refractories at high temperatures. Open-hearth ladle nozzles were also tested.

Monday evening, school dinners were held affording the opportunity to old grads to really get together and have a reunion; MSMites got together at Caproni's restaurant for a tasty spaghetti dinner, several former grads being on tap for the event.

An Employment Service was open to all ceramic students and to other members who wished to make appointments with prospective employers. As there

event will be Rolla's Elbert Grimsley and SLU's Wilmering.

Jack Stephens has racking up a lot of points for the locals in the high jump, and has been improving steadily. At Washington he jumped a tie with Coffey of Cape, who took the event at the indoor meet, and the two are expected to tangle in a close affair once more. SLU has two men to be reckoned with in Reincri and Van Funk.

PERINO STILL OUT
Still side-lined with a bad knee is Pete Perino, the Miners top broad jumper. The burden in this event will fall upon Gene Huffman, who will be charged with the responsibility of turning back three Cape leapers: Ridings, Coffey and McEwen. This will be quite a job. SLU is not expected to figure in the event. The field events will get under way at about 1:30. Points will be scored on a 5-3-2-1 basis, and it should be a "honey" of a meet, so let's fill up the stands and pull for our boys to win.

were many more students attending and desiring employment this year than there were job positions available, many were This was advantageous from the the employer's viewpoint, as they had the advantage of screening many men for positions to be filled, thereby making doubly sure of getting the right man for the job.

A student speaking contest was held Monday afternoon, the 2nd, in which members of various schools competed against each other. Candidates were selected at the various schools; winners of each school contest were to receive an award approximately equalling his railroad fare to and from Cincinnati with a maximum of \$75 and a minimum of \$25. Each contestant spoke on a subject related to ceramics, in which he was permitted to use slides, charts, or exhibits in conjunction with his talk. Each contestant was required to be majoring in ceramics or ceramic engineering as an undergraduate student. Ted Williams represented the Mo. School of Mines department with a talk.

On the lighter side, many companies held informal open house in their suites affording the opportunity for those attending to mix freely and make new acquaintances. Of course, with the aid of free drinks, most natural barriers soon melted away and everyone became bud-buddy (here's to bigger and bigger ACS conventions!!). Next year, it is expected that the convention will meet in New York.

VARSITY TRACKMEN IN INTRA-SQUAD CONTEST

(Continued from Page 3)

Kap's put up a good fight but lost to a strong Jr.-Sr. team (21-8) (21-14). The only really close game was between Wesley and Kappa Sigma. The Kappa Sig's won by taking the first two games (21-7) (21-14).

In the doubles division the Engineer's Club and Theta Kappa produced a thriller and the only contest to go into three games.

The Engineers Club took the first game (21-16). Then the Theta Kap's sprung to life and took the second game (21-12) but his proved to be their downfall as the Engineers Club came back to win the third game easily (21-4). The Triangle vs Sigma Nu match was started off with Triangle dropping a heart-breaker (22-20) and the snakes wound up the afternoon by taking the ext game (32-16). Kappa Sigma beat Sigma Phi Epsilon and Wesley beat Tech. Club but the scores were not available. As the singles and doubles enter the semi final stage we find T. K. E. matched with Sigma Nu and Jr.-strong Kappa Alpha pair defeated Jacking Terrace by a (9-7).

Sr. vs Kappa Sigma in the singles side and the Engineers Club vs Sigma Nu—Kappa Sigma vs Wesley in the doubles division.

In the singles tennis division Bill Mengle the Jr.-Sr. entrant gave Shorty Voiles, from Sig Ep a good run for his money but lost a hard fought match (9-7). Jack Knappert of Kappa Alpha Epsilon took the first two sets and match from Wesley Foundation (6-4) (6-4). The Engineers Club beat the Soph. class but the scores were not available.

In the doubles engagements a Sigma Pi (3-6) (6-2) (6-2). Kaptally but only after Wesley Foundation was taxed to the utmost but came through to defeat
